

## PRODUCT DESCRIPTION

### *Protect your Investment*

Roof top traffic can damage your roof or deck and allow water intrusion into your building. DeckTOP Architectural Tiles help protect your investment while allowing access to this premium space.

DeckTOP Architectural Tiles create a “floating” system that doesn’t require attachment or penetration of your existing roof or deck.

DeckTOP Architectural Tiles weigh less than 6 lbs/sf making them ideal for a fast and easy installation.

DeckTOP Architectural Tiles are available in a variety of colors to meet the most discriminating design requirements.

Call us today to learn more about how you can protect your investment while gaining access to premium space on your building!

### **BENEFITS:**

- *Easy to Install* - SureKONNECT to keep it in place without attaching to your roof deck
- *Smooth Surface* - comfortable underfoot while providing exceptional skid resistance wet or dry
- *Easy to Maintain* - requires only basic cleaning with a broom, vacuum or hose

### Description

**DeckTOP Architectural Tiles** are a 1 3/8" thick resilient and skid resistant safety tile that helps to protect your roof or deck in public traffic areas.

**DeckTOP Architectural Tiles** are made from 100% post-consumer waste tires and provide an exceptionally durable, safe, low maintenance option to heavy pedestal type concrete pavers

### Uses

**DeckTOP Architectural Tiles** are ideally suited to improve the beauty, comfort and ease of maintenance in various environments including Roof Decks, Plaza Decks, Walk Decks, Patio Decks and more.

### Advantages

- **DeckTOP Architectural Tiles** are highly durable and easy to install without mechanical attachment.
- **DeckTOP Architectural Tiles** are ADA compliant and meet ASTM and SPSC requirements.
- **DeckTOP Architectural Tiles** have a unique bottom design that provides superior drainage to prevent unsafe standing water conditions and allow for easy placement of small cables or wires.
- **DeckTOP Architectural Tiles** are environmentally friendly, molded from 100% California recycled waste tires diverting as many as 2.5 tires per tile from our landfills.
- **DeckTOP Architectural Tiles** are safe containing no toxic materials and certified to be 100% steel free.
- **DeckTOP Architectural Tiles** have a very smooth top surface providing comfort underfoot while maintaining exceptional skid resistance whether wet or dry.

### Advantages (Continued)

- **DeckTOP Architectural Tiles** are modular in design making them easy to handle and easy to install.
- **DeckTOP Architectural Tiles** are easy to maintain requiring only basic cleaning with a broom, vacuum or water hose on a regular basis.
- **DeckTOP Architectural Tiles** come in a variety of colors providing a multitude of design options to meet any need.
- **DeckTOP Architectural Tiles** are available with either a Flat Top or a Brick Top Pattern
- **DeckTOP Architectural Tiles** are backed by the industries leading manufacturer of rubber molded safety tiles and accessories and come with a 5 Year Limited Material Warranty.

### Product Specification

Tile Size:	24" x 24" ± 1/8"
Tile Thickness:	1 3/8"
Tile Weight:	21lbs

### Physical Properties

Characteristic	Test	Result
Flame Spread:	ASTM E108	Class A
Flammability:	ASTM E648	Class II
Flammability:	ASTM 2859	Pass
Toxicity:	ASTM 2075	Lead Free
Slip Resistance:	ASTM D2047	.84
Skid Resistance:	ASTM E303	Dry 96, Wet 47
Tensile Strength:	ASTM D412	1175.3 psi
Wear Resistance:	ASTM D3884	1.64% Loss/3000c
UV Resistances:	QPanel QUV	<3.0/4032 ksqm

### PACKAGING

Pieces Per Pallet:	144
Weight Per Pallet:	3069
Pallet Dimensions:	48"x48"x60"
