PL-Lifting Platform 6' x 6' B	6' x 6' x 1" Lifting Platform with Beveled edges, Black		\$448.05
PL-Lifting Platform 6' x 6' 20-EPDM	6' x 6' x 1" Lifting Platform with Beveled edges, 20% EPDM		\$463.50
PL-Lifting Platform 6' x 8' B	6' x 8' x 1" Lifting Platform with Beveled edges, Black		\$579.38
PL-Lifting Platform 6' x 8' 20-EPDM	6' x 8' x 1" Lifting Platform with Beveled edges, 20% EPDM		\$602.55
PL-Lifting Platform 8' x 8' B	8' x 8' x 1" Lifting Platform with Beveled edges, Black		\$562.50
PL-Lifting Platform 8' x 8' 20-EPDM	8' x 8' x 1" Lifting Platform with Beveled edges, 20% EPDM		\$585.00
PL-Equine 1" B	24" x 24" x 1" PopLock Equestrian Tile, Black	\$7.05	\$28.20
PL-Equine 1" 20-EPDM	24" x 24" x 1" PopLock Equestrian Tile, 20 % Standard EPDM Mixture	\$7.57	\$30.27
PL-Equine 1" Std. C	24" x 24" x 1" PopLock Equestrian Tile, Standard Solid Color	\$7.31	\$29.25
1" ADA Ramp-B	48" x 10" Interlocking Transition Ramp, (ADA Slope)-Black		\$30.90
1" ADA Corner-B	24" x 10" Mitered Corner Ramp Kit-Black		\$30.90
Notes:			
PopLock 1" Sport Tiles weigh 19 pounds each. PopLock Equine Tiles are one pound heavier. This additional material is molded using a higher compression rate, resulting in a slightly more dense tile which is designed to support heavier weight loads.			
PopLock 1 3/8" Decking Tiles weigh 21 lbs. The underside of this tile features an array of 3/8" high "feet" designed to provide drainage and pathways for wiring.			
The dimensions specified for Poplock Lifting Platforms include only the flat center tiles that are used in the configuration. Sloped ramps and corners surround the tiles on all sides adding 20 inches to the overall footprint. For example, the 6' x 6' lifting platform footprint is actually 7' 8" x 7' 8".			
Standard EPDM Mixtures include 20% Tan, 20% White and 20% Red			
Standard Solid Colors include: Medium Gray, Sea Foam Gray, Smoke, Brown, Mocha Brown, Tan, Blue, Green and Terra Cotta Red			
Custom EPDM Color Mixtures may be ordered in color densities ranging from 10% to 60%. Minimum quantities and setup fees apply.			
PopLock Tiles measure 25" x 25", including the interlocking edges. When the tiles are interlocked with one another, the finished dimensions are reduced to 24" x 24".			
The interlocking ADA compliant ramps come in two interlocking edge styles, (Right and Left). Please specify when ordering.
