

## COVERED STAIR RISER No. 505CR

Complete the job by specifying covered risers. Allows easier cleaning, is more attractive, reduces fitting procedures at rear of steps. 5/8" toe fits flush on top of treads. Can be trimmed to fit in height and length; cuts labor costs. Install with Musson No. 400 Neoprene Contact Cement, No. 300 Water-based Contact Adhesive or No. 560 Rubber Flooring Adhesive.
