All border timbers are made with the following specifications:

- High Density HDPE Polyethylene Molded Plastic
- Marlex HHM 5502 BN
- 100% Made in the U.S.A.
- Resin meets these specifications:
 1. ASTM D4975 – PE235
 2. FDA 21 CFR 177.1520© 3.2a, use conditions B through H per 21 CFR 176.170©
 3. Listed Drug Master File
- Thicker Wall Design (0.125” to 0.1875”)
- Multiple Tack-off Points – reduces the chance of warping under extreme summer heat and kids jumping on top
- Wood Grain Finish on one side, Textured Pebble Finish on the other
- Made with 100% Recyclable Plastic
- Custom Colors are available, minimum quantities apply (custom order please call for lead time and pricing)
