Travel Charges	Travel charges may be applied to installations located more than 100 miles from our California office. For installations located more than 300 miles away from our office of trip charge of \$500 per travel day, or portion thereof, round trip, may be applied.			
Minimum	Minimum Charge	\$2,000.00		
Surcharges	Prices quoted are for daytime installations. A surcharge may be added for night time installations, poor drainage, confined space, limited access or for those which do not allow easy and continuous access to the job site			
Notes	Prices assume that a minimum of eight uninterrupted hours of access to the job site is allowed per installation shift. A supplemental charge may be assessed if limited hours of access to the facility force the installation to be extended additional days.
